Replies to Bidders' Queries Batch-01

Issue Date:4th December, 2023

S.No	Queries	Document Ref:	USF Response
1	Five mauzas with low population cluster identified which require standalone sites for the coverage. These mauzas represent very less population percentage (1.46 %)of the whole lot. Deployment of sites for these will be an inefficient utilization of scarce resources. Kindly confirm if these locations are still to be considered in the final plan or if they can possibly be excluded for better resource utilization accordingly.	Schedule C of Draft SSA	Updated Schedule C will be shared with registered bidders after exclusion of 5 mauzas.
